Welcome to Inspire in Maple Ridge

A Community of Innovative Homes Designed to Inspire and Upscale your Life

How do you define Home? Is it a place of solitude? Comfort? What if home meant more than what's inside your front door?

Can home be defined as an entire community, with safe, dedicated spaces to maintain your physical, mental and social wellbeing? At Platinum Group of Companies, we think it should…Which is why we designed Inspire – Maple Ridge to include gorgeous suites and incredible amenities that act as extensions of your living room.

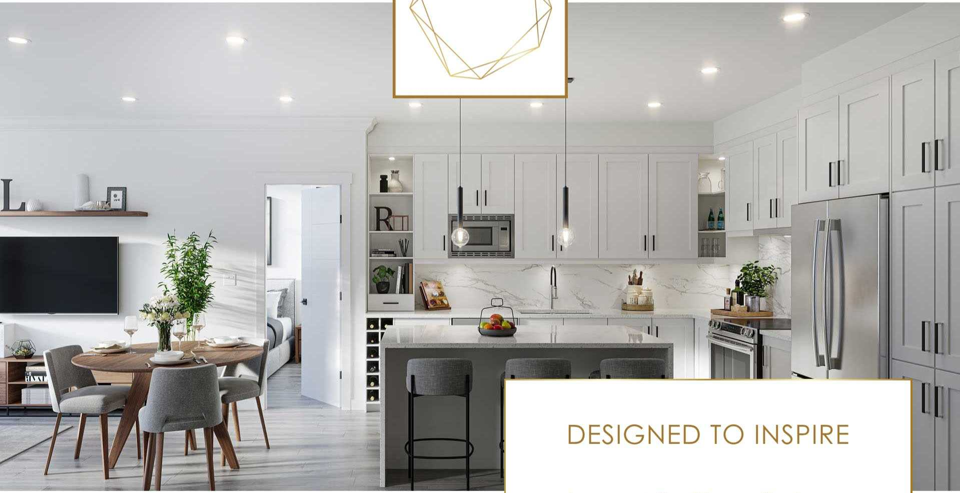
Surrounded by Inspiration

Your home at Inspire includes a full-service gym complete with cardio, weightlifting equipment, and a yoga studio. Have some fun in the social lounge with a ping pong table, foosball and a big screen to catch your favourite sports game with your neighbours.

Let your home inspire you with tranquil outdoor gardens, perfect for rest and reflection at the end of a long day, hosting family and friends in the Alouette Room, or just catching some sun atop a mountain view, rooftop patio area.

INSPIRING EXTERIORS

Inspire has been intelligently designed to encompass luxury and seamlessly fit in with its natural surroundings of Maple Ridge. Starring Hardie cobblestone siding with hints of old cherry woodgrain and rich espresso accents combined with exquisite ledgestone surround the exterior of the building. The inspiration doesn't stop there, the entire development is surrounded by alluring landscaping for a subtle reminder of nature each time you walk in or out of your new home.



DESIGNED TO INSPIRE

A community of innovative homes designed to inspire and upscale your life. Offering a fresh brand of modern living in the heart of Maple Ridge, from design-driven studios to practical family-sized 3-bedroom layouts.

In today's world, home is more important than ever! Like all homes built by Platinum Group of Companies, Inspires' interiors show their value through high quality and fine design, providing comfort in all the right places.
