Will

43 Character Homes.

A brick base firmly roots the homes in the landscape. Durable siding and detailing is shared by all buildings to provide cohesion. And the rooflines at Will alternate from large nested gables with deep overhangs to hipped roofs that give each home a unique character.

Designed for thrills, spills and the occasional time-out.

A mix of three- and four-bedroom homes in six three-storey buildings — three of them fronting St. George Street and three along Hope Street — separated by pathways.

The community includes the restoration and preservation of the 1911 Johnston Residence.

Located in the heart ♥ of Port Moody.
