### Fraser Green Agassiz Townhomes for Sale

This is a very first! A townhouse development in the heart of Agassiz real estate district! Named Fraser Green Agassiz real estate development, there are just 28 three bedroom townhouses featured in this project and they are affordably priced from just \$237,900, giving Agassiz homebuyers great value for the long run. Just minutes away from the beautiful Harrison Lake district and very close to Highway #1, the new Fraser Green Agassiz Townhomes property is also very close to all the recreational options and outdoor activities in the Fraser Valley. The new Agassiz townhomes will feature high end features such as gas fireplaces, crown mouldings in main living areas, covered balconies for outdoor entertainment and enjoyment as well as decks, wood flooring in the main living areas. Other features include gourmet kitchens with centre islands and eating bars. There is also optional air conditioning available at the new Agassiz homes for sale at Fraser Green Townhomes. The locale is ideal as well, and it is located just off Agassiz Rosedale Highway on the way to Lake Harrison BC. For more information regarding this first Agassiz Townhome development at Fraser Greens townhomes, please visit [www.frasergreen.com](http://www.frasergreen.com) or you can phone 604.795.1960.

## An Introduction to the new Agassiz Real Estate Development at Fraser Green Townhomes

An exclusive new townhouse project is making its way to the growing Agassiz real estate market place. Named Fraser Green Agassiz townhomes, there are 28 such three bedroom homes priced affordably from just \$237,900 and now selling. This is the newest townhome development that features great homes for great people and savvy Agassiz homebuyers. Just minutes away from all the outdoor recreational lifestyle options you love including Harrison Lake and just moments from the highways, the Fraser Green Agassiz real estate project is a must-see for the Fraser Valley homebuyers seeking great value. Here are some of the standard features included in every new Agassiz townhouse: designer window blinds throughout the homes for added privacy, walk in closets in all master bedrooms, crown moulding in selected living spaces as well as handset porcelain tiling in the entry ways. Also, the new Fraser Green Agassiz townhomes will introduce upgraded quality carpeting throughout the homes in addition to wood floors in selected living areas on the main floor in addition to a convenient upper floor laundry closet with washer and dryer. The kitchens will have spacious pantry areas in addition to tiled backsplashes. The appliance set will include four (fridge, dishwasher, stove and over the range microwave with hood fan combination). The new Agassiz real estate project will also feature beautiful open kitchens with eating breakfast bars and centre islands in select floor plans in addition to custom maple shaker cabinetry in bathrooms and kitchens. The living rooms will have efficient gas fireplaces and the entire home has security system and central vacuum systems already installed ready to use. The floor plans also afford large

outdoor living spaces. But that's not all at the new Fraser Green Agassiz real estate development. Homebuyers also have optional upgrades to choose from that include more hardwood floors in select areas, security systems and built in vacuums, upgraded appliance packages with stainless steel finish in addition to central air conditioning for all year comfort.

The twenty eight new Agassiz homes for sale are situated in eight different buildings that include triplexes and fourplexes. Therefore, more than half of the units are end townhouses, giving you large windows and lots of natural light through three sides of your home. There are 2 floorplans featured at the Fraser Greens Agassiz homes for sale that include Layout A which is three levels with a great room, kitchen with island, dining room, den and covered deck on the main floor as well as a rec room, powder room and garage (double) on the ground floor. The second floor of Layout A at Fraser Green Townhouses includes three bedrooms and 2 bathrooms in addition to the laundry closet. The master has a walk in closet and master ensuite bathroom. Floorplan B at the new Fraser Green Agassiz homes for sale is also 3 floors and includes a main and second floor much like the other layout. However, the ground floor is slight different with a tandem double garage, recreation room and a powder room.
