

The Oak Bay Beach Hotel has been an iconic seaside hotel in Victoria BC since it was originally built in 1927. Having recently undergone a complete reconstruction (opening May 2012), this new boutique resort and spa honours its rich history and maintains its charm with several restored finishing materials and antiques that were saved from the old hotel building. Inspired by an English country manor house theme, this grand hotel is at once timeless elegant and luxuriously welcoming.

Located along what is known as the "golden mile" for its many mansions and estates, the hotel's grounds stretch right down to the shores of the Pacific Ocean, with most rooms and suites offering expansive panoramic views of Haro Strait, the San Juan islands and the magnificent snowcapped Mt. Baker across the waters in Washington state.

As in the past, guests are welcomed to make this hotel their "home away from home". Enjoy fine dining in the Dining Room, take in a dinner theatre show or a movie in the purpose-built theatre, enjoy a morning coffee and pastry in Kate's Cafe, or sip a pint of your favourite ale in the Snug Pub, a local icon in its own right, or relax in the seaside mineral pools, while watching whales breach offshore.

A selection of outdoor activities leaving right from the hotel's own dock, will provide ample memories from your time spent in this special place.

We look forward to having you as our guest!
