TEAM

BEEDIE LIVING

Beedie | Living

Beedie Development Group was originally founded in residential real estate before diversifying into industrial development. After decades of growing Beedie into one of BC's most respected names in industrial real estate, and is now one of the largest land owners in BC, we went back to our roots with the creation of Beedie Living.

We are now bringing new high-rise residential developments to Metrotown, West Coquitlam, Vancouver, and of course, Richmond. With the ongoing commitment to provide value and quality, coupled with integrity, innovation and vision, our homes stand the test of time. While we are focused on the future, we take great pride in our 61 years of accomplishments so that you, the homeowner, can find peace-of-mind in your decision to own a Beedie Living home.
