MOVE-IN READY SUMMER 2020

Together is Everything

Esquimalt Town Square is a transformed community core that proves the whole is greater than the sum of its parts—and that collaboration can yield extraordinary results. This renewed town centre creates opportunities to connect with neighbours in the public square and library. To feel inspired by a permanent art walk. To shop and eat steps from your door. To walk or bike to work. And to live in a community defined by diversity. Welcome to a progressive vision of the future where everything comes together.

ARAGON'S APPROACH

THINKFORWARD™

With every project at Aragon, we challenge assumptions in the way we design, build and market homes. We look past how things have always been done. And we look for new ways to improve how people live.

LIVEFORWARD™

We're energized by the way place impacts people—and vice versa. We believe that the right neighbourhood can help people live better lives. And that the right building can make thriving neighbourhoods even more vibrant.

DESIGNFORWARD™

To create new design standards, we push beyond what's easy and strive for what's best. Every project is an opportunity to make advancements in sustainability and livability—and redefine the urban home in the process.

COMMUNITY

Together, We Are Proud

Despite its close proximity to Downtown Victoria, Esquimalt has a culture and sense of place that's all its own.

RESIDENCES

We create new design standards.

With every project, we think beyond the four walls of the home to build communities where locals can thrive.

ARAGON STORY

A forward- looking approach to fostering community.

Diversity yields more vibrant, healthier communities—and that starts with including a range of voices in the planning process. Time and again, we've seen how collaborating with local municipalities produces the best outcome for everyone: plans that truly reflect the needs of the local residents.

Embracing diversity also means pushing the principles of mixed-use development further. At Aragon, we consider diverse types of housing that meet the needs of individuals and families at different stages of life. We include spaces for living and working but also for shopping, learning, relaxing, collaborating, meeting and sharing.
