

# A new vision of community.

COMING TO COLWOOD, BC

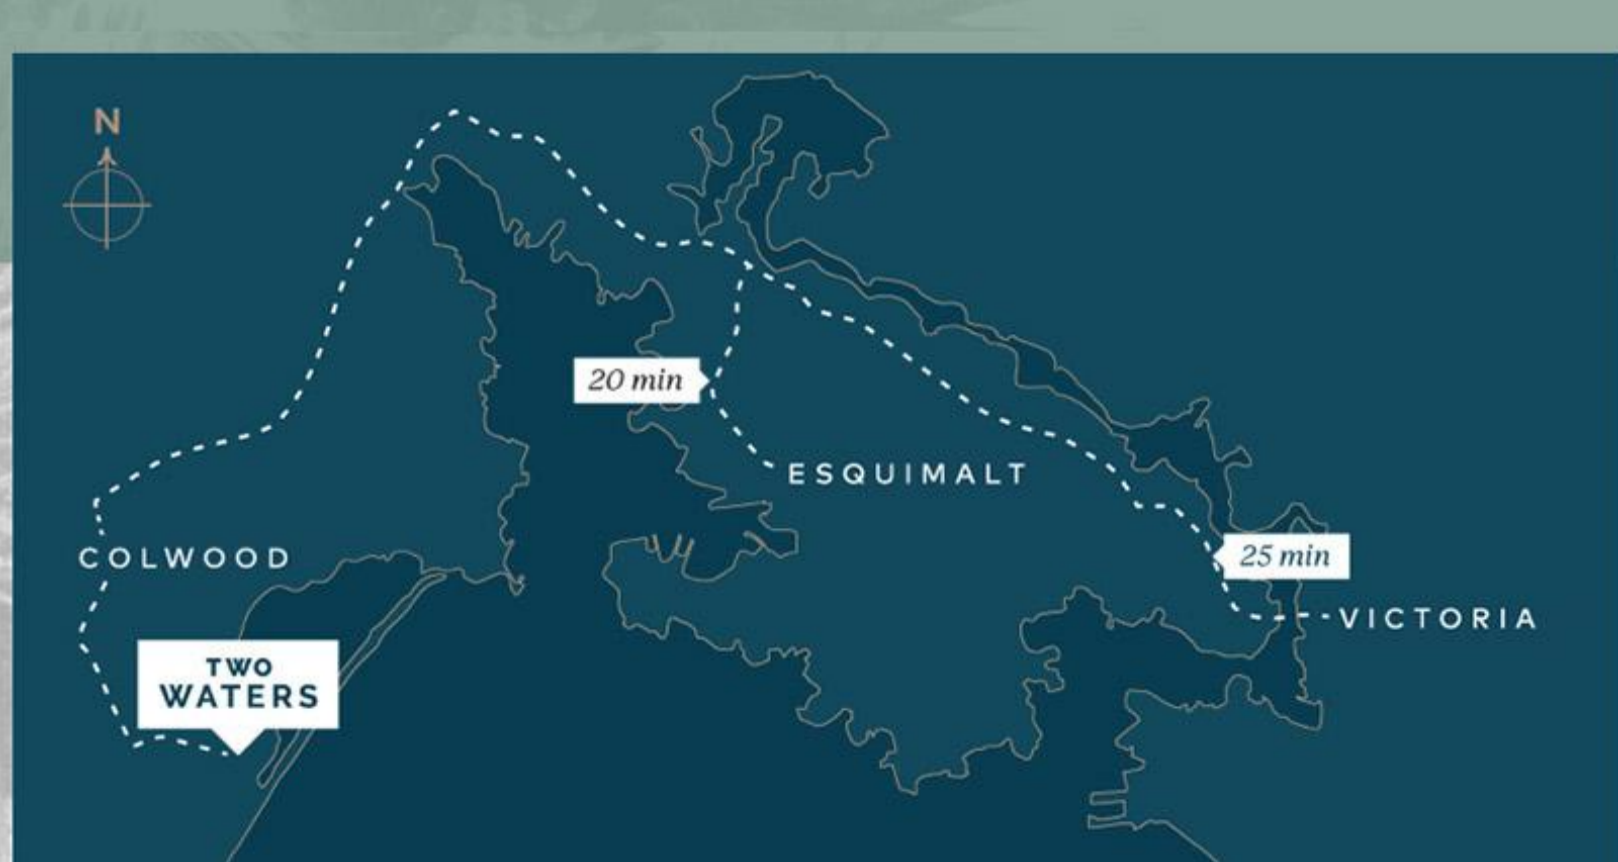

Nestled between the town of Colwood and the Esquimalt Lagoon Bird Sanctuary, Two Waters will be a modern village built with a deep respect for nature, art, design and community, featuring homes by acclaimed West Coast architect Paul Merrick.

Two Waters is fortuitously situated on the southern tip of Vancouver Island, at the edge of the Salish Sea.

As a hub of the community, Two Waters is within easy walking or driving distance from everything you need to make your life easier. Pick up the kids on the way home from work, or grab a bite to eat at one of the local cafes. Designed in harmony with the environment, Two Waters is also steps from nature, so you can easily get outside to do the things you love.
