WEST WOOD HOMES

A BOUTIQUE COLLECTION OF 6 CITY HOMES

DESIRABLY MODERN WEST COAST INTERIORS

West Wood Homes is comprised of open-concept living areas, with considerate interior design arranged by Claudia Leccacorvi of Raven Inside. Open your doors to a relaxing oasis with natural wood finishes and complementary tones. In the heart of your home, you will find yourself enjoying life's daily tasks with streamlined stainless steel appliances and openair kitchen and dining space. Soothing colour palettes provide a relaxing place to unwind. All of the details chosen make for an inviting space to call home.

MODERN TOUCHES

Entertaining made easy with rooftop lounges ideal for social evenings with friends. Looking towards the future, this complex will include an electric car charging station. For self-powered transportation, there is a shared bike locker room conveniently accessible via the center courtyard and a dedicated bike lane is located right outside your front door for safety and ease of accessibility.
