Offering the space of a single-detached home, but with lower average starting prices, semi-detached homes are a great option for homebuyers. Regatta is a new development in Surrey that offers an exclusive collection of 12 semi-detached beach homes in the prestigious Ocean Park neighbourhood. The project by Lakewood is designed with families in mind, featuring spacious four bedroom layouts with a den, three-and-a-half

baths, a private fenced backyard and a detached garage.

The development is located within minutes of the best amenities and attractions the small seaside community has to offer. Nature trails, bike paths, dog parks and ocean lookouts are plentiful, while everyday conveniences are easily accessible at the nearby Ocean Park Shopping Centre.
