Listraor Homes, a developer with over 25 years of community building experience, has launched its latest project at Yukon Street and 59th Avenue in Vancouver. Perron features a limited collection of 31 garden homes and townhomes with elegant architecture, modern finishes and an amenity-rich location. The homes will be move-in ready this fall and prospective homebuyers are encouraged to register online for the latest information and to book an interactive tour or a private, in-person appointment.

Located at Yukon Street and 59th Avenue, Perron offers an ideal parkside location surrounded by mature homes and close to shops, schools and local amenities. The development overlooks Winona Park, a lush greenspace that's great for kids and pet owners. This corner of Vancouver is also home to Queen Elizabeth Park, Riley Park and Tisdall Park, just to name a few. Langara Golf Course is situated north of Perron, while a retail and commercial area along SW Marine Drive lies to the south. Other nearby amenities include the Marpole Oakridge Community Centre, the Marine Gateway Retail Centre and transportation hub, and Vancouver International Airport — a short 10-minute drive away.

Within the community, private landscaped entrances provide a warm welcome home, while rooftop patios offer scenic views of the Vancouver skyline and beyond. Plus, they're perfect for entertaining with enough space for a barbecue and outdoor seating.

Townhomes are priced from \$1.4 million and boast open-concept layouts with each room flowing seamlessly into the next. Plus, the thoughtfully-designed living spaces are paired with large windows that welcome in an abundance of natural light and modern finishes that are both stylish and durable. Visit listraor.com/perron to book a private previewing appointment of Perron. For more information, call 604 603 8889 or email info@perronliving.ca.
