Urban Luxury Meets Parkside Living

Savoy is a new West Side condominium and townhome development located on Cambie Street, mid-block between 26th and 27th avenues. **Aria Pacific** and Foad Rafii at Rafii architects have collaborated to create a unique design that was inspired by the columnar basalt formations of nearby Little Mountain. The 6-storey mid-rise will offer a selection of **condominiums** with one to three bedrooms. Five 2-storey, 2-bedroom **townhomes**, separated from the condos by a courtyard, will line the laneway. These luxury homes will feature 9' ceilings, air conditioning, and **Miele** appliances.

Positioned between the energy of the city and tranquility of **Queen Elizabeth Park**, daily necessities, schools, and community amenities are all within a 5-minute radius by foot or by bike. A short walk down the hill to the **Canada Line** station at King Edward Avenue means quick, car-free connections to Downtown, Richmond, and YVR Airport. With the exciting Oakridge Centre redevelopment, all your shopping, professional services, dining, and entertainment needs will be close at hand when completed in 2024. Savoy is a statement residence where refined, contemporary architecture and a classic West Side lineage coalesce.
