

Residences designed to echo nature's beauty.

Spaces that are functional and inviting. The residences have been designed to offer respite and retreat from the energy of the streets below while embracing natural elements that define the wilderness of the area. The Residence Collection offers studio, one-, two-, and three-bedroom homes on levels 7-47.

Balconies designed for outside-in living. Expansive balconies with retractable glass panels extend the interior living space and connect residents to the natural landscape of British Columbia. Balconies can be fully enclosed for all-weather and year-round use.

Interior Finishes

Explore elevated design and thoughtful finishes. Each residence offers high-performance materials, premium appliances, and balconies with retractable glass panels for year-round enjoyment.

**Elevated kitchen finishes.** All kitchens feature premium Bosch appliances, accompanied by sleek, high-performance Dekton countertops and backsplash. Additionally, full-height cabinets with soft-close doors ensure both functionality and elegance.

**Bring nature in.** Floor-to-ceiling windows frame far-reaching views of Burnaby's Central Park, Downtown Vancouver, and the North Shore Mountains.

**Restorative bathrooms.** Enhance your daily routine with an elegant mirrored vanity featuring custom built-in lighting, and Dekton stone countertops. Chrome bathroom fixtures create a cohesive and polished look.

Colour Palettes

Personalize your home. Solhouse's Residence Collection is available in three unique colour palettes.

**Serene**  
Serene reveals itself through the light and harmonious material combinations of white elm tones, white onyx-inspired Dekton, ivory porcelain tile and tonal flooring.

**Balanced**  
Inspired by the surrounding mountains, forests, and rivers, Balanced evokes the natural Burnaby landscape in a warm palette of grey oak tones, quartzite-inspired Dekton, sand-toned matte tile and tonal flooring.

**Reflect**  
Capturing the tranquility of dusk, our darkest palette Reflect combines rich walnut cabinetry, veined marble-like Dekton, ceramic tile and tonal flooring.

Estate Collection

Offered on levels 48 and 49, the exclusive Estate homes rise into Metrotown's skyline, boasting expansive living spaces and elevated finishes.
