EVERYTHING A CONTEMPORARY WEST COAST FAMILY NEEDS, FROM THOUGHTFUL AMENITIES TO THE STUNNING SALISH SEA.

A new master-planned community by Aquilini, Boardwalk is a refreshing new option for families living in the Lower Mainland. With room to breathe. And with the safe, close-knit feel of a traditional family community. With freedom to roam, kids will play street hockey, ride bikes, explore. Neighbours will know each other by name, families will grow up together, and friendships will flourish. In many ways, it's a classic neighbourhood. In other ways, it's anything but.

JUST FOLLOW THE BOARDWALK.

Boardwalk is a new take on what suburban family living can be: contemporary architecture that turns aspiration to reality. Thoughtful amenities designed for today's families and their needs. An enviable oceanfront location.

The best part is that all of this is remarkably—refreshingly—within reach.

EXPLORE BOARDWALK

COMMUNITY

The beauty of a master-planned community is right in the name: it's planned. From the outset, we ask the important questions: what does a family in the Lower Mainland need to live well?

AMENITIES

Welcome to the Boardwalk Beach House. An extension of your living room. Share it with guests or take a little time for yourself. We expect the family will be stopping by too.

LOCATION

Anything and everything within reach. Plus, boardwalk is home to one of the world's best bird watching havens.

SMART BUY

Boardwalk is the second master-planned community in Tsawwassen. Our first master-planned community at Tsawwassen Shores is now fully sold out and occupied with over 550 families residing there.

BOARDWALK

Book an appointment or drop in during open hours to tour our Presentation Centre and Show Homes.
